UDAC 86-170
24 November 1986

MEMORANDUM FOR: Director of Central Intelligence

VIA: Deputy Director of Central Intelligence
Director, Intelligence Community Staff
Deputy Director, Intelligence Community Staff
Director, CCISCMS

FROM: [redacted] 25X1
Chief, Unauthorized Disclosure Analysis Center

SUBJECT: Response to SecDef Letter on Leaks

REFERENCE: Secretary of Defense Letter to DCI
Dated 14 Nov 86, ER 86-5281

1. It is recommended that Reference provide a basis for further dialogue with the Secretary of Defense on unauthorized disclosures. [redacted] 25X1

2. The attached letter for your signature points out the need for more input on leak cases from DoD and asks Mr. Weinberger's views on a DCI-hosted interagency seminar on leaks. Regarding the former, the UDAC receives little data on leaks from other agencies except when it has requested action from other agencies. Regarding the latter, the interagency seminar has been in an embryonic planning stage for more than a year, but we have lacked personnel to bring it to fruition. If the Secretary of Defense indicates his support, we should move ahead with a one-day program at the CIA HQS building as soon as possible, probably in January 1987. [redacted] 25X1

3. It is recommended that you sign the attached letter. [redacted]

The Honorable Casper W. Weinberger
The Secretary of Defense
Washington, D.C. 20301

Dear Cap:

Your letter of 14 November commenting on the Unauthorized Disclosure Analysis Center's Summary was most encouraging. As you know, the publication's purpose is to stimulate the interest and action of senior officials regarding the "leak" problem. Your hope that we can resolve more of these cases is fervently shared. [redacted]

25X1

The effectiveness of the Unauthorized Disclosure Summary as a baseline on the anti-leak effort would be greatly enhanced by specific input from DoD and others on the numbers of investigations of unauthorized disclosure of classified intelligence and the disposition of such cases. I agree fully with your observation that coordinated efforts will help shut down leaks and identify the culprits. [redacted]

25X1

The UDAC has had under consideration for some time a seminar on unauthorized disclosures. It is envisioned as a forum for leak investigators, security officers, legal counsel, public affairs officers and others concerned with revelations of classified information in the media. Specific sessions on the various facets of the problem would facilitate an exchange of information and perhaps the development of new and unified courses of action to alleviate classified leaks. Because the vigorous participation of the Department of Defense would be invaluable to such a program, I would appreciate your views before proceeding. [redacted]

Yours,

/s/ BMR

William J. Casey

THE SECRETARY OF DEFENSE

WASHINGTON, THE DISTRICT OF COLUMBIA

14 NOV 1986

Honorable William J. Casey
Director of Central Intelligence
Washington, D.C. 20505

Dear Bill:

(C) The first monthly report by your Unauthorized Disclosure Analysis Center in its revised format is impressive. It will serve as an effective baseline document to coordinate our efforts, especially among intelligence producers and users, to shut down leaks and identify the culprits.

(C) As we refine our approach to concentrate our pursuit of offenders, I hope that we can close more cases by resolving them with disciplinary measures which make clear to others in and out of Government that we take this matter very seriously.

Sincerely,

A handwritten signature in cursive ink, appearing to read "Casper Weinberger".
